Deputy to the DCI for Resource Management

SUBJECT: Annual Report

6 APR 1978

1. Action Requested: That you sign the attached letters to the President, Dr. Brzezinski, and the Chairmen of the Congressional Oversight Committees transmitting copies of your Annual Report to them. We will distribute the remaining copies directly to the individuals concerned.

2. Background:

a. We are now in the process of distributing copies of the codeword version of the Annual Report to the above individuals, Cabinet officers, and other senior officials in the Executive Branch and the Congress. A copy is attached for your retention.

b. A Secret version of the Annual Report is now nearing completion and will receive much broader distribution throughout the Intelligence Community and the Government.

c. I believe it is not feasible to prepare an unclassified version of this particular report. The sanitization, decontrol and declassification actions necessary to produce such a version would leave us with an extremely short and uninformative document having little utility.

3. Recommendation: That you sign the attached letters and return them to us for dispatch.

The Honorable Birch Bayh, Chairman
Senate Select Committee on Intelligence
United States Senate
Washington, D. C. 20510

Dear Mr. Chairman:

Enclosed is a copy of my Annual Report on the Intelligence Community. I believe the report reflects the spirit of cooperation and candor which has characterized my relationship with the Committee in the past year. I hope you will find the report useful as you undertake your new duties as Chairman. We are also publishing a Secret version of this report, and it will be made available to you in the very near future.

The purpose of the report is to set forth an account of my stewardship of the Intelligence Community during 1977 and to record my observations concerning the tasks and challenges, problems and achievements, and budget thrust associated with the National Foreign Intelligence Program. The report also discusses a number of issues which continue to confront the Intelligence Community. Some of these issues, such as the quality of intelligence, oversight and propriety of intelligence activities, and the relationship between the conduct of intelligence and the rights of individuals, have been raised by the Committee and will be subjects of an ongoing dialogue between us.

Sincerely,

STANSFIELD TURNER

The Honorable Edward P. Boland, Chairman
House Permanent Select Committee
on Intelligence
House of Representatives
Washington, D. C. 20515

Dear Mr. Chairman:

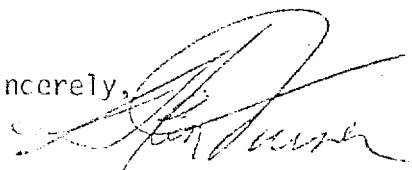

Enclosed is a copy of my 1977 Annual Report on the Intelligence Community. I believe the report reflects a spirit of cooperation and candor with the Congress and I hope that you will find the document useful as your Committee undertakes its new responsibilities. We are also publishing a Secret version of this report and it will be made available to you in the very near future.

The purpose of the report is to set forth an account of my stewardship of the Intelligence Community for the period concerned and to record my observations relating to the tasks and challenges, problems and achievements, and budget thrust associated with the National Foreign Intelligence Program.

As noted in earlier correspondence, it continues to be my recommendation that a single annual report, will meet the needs of both the Executive Branch and the Congress. To that end, my staff will be in contact with yours to discuss any needed modifications to the format and content of this report in order to meet your requirements at the end of 1978.

With very best wishes.

Sincerely,

STANSFIELD TURNER

SIGNATURES

Attached for your signature are letters transmitting the compartmented version of the Annual Report on the Intelligence Community to Chairmen Mahon and Stennis in their respective Appropriation Committee capacities. You have already signed similar letters to the intelligence authorization committees which were prepared by the IC Staff. We believe you should follow the same procedure with the Appropriation Committees. I will provide transmittals for the copies going to the Armed Services Committees since they have a lesser oversight role.

ON LEFT INSIDE IS DISTRIBUTION LIST WHICH YOU ASKED FOR.

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: ~~Distribution of Secret Version of Annual Report~~

RESPONSE
TO YOUR
QUESTION
RE COPIES
OF ANNUAL
REPORT

1. Action Requested: None. For your information only.

2. Background:

a. At the Staff Meeting on 17 April 1978, you questioned the number of copies of the Secret DCI Annual Report which we intended to distribute, stating that about 250 copies would be adequate. We originally intended to distribute approximately 1550 copies of the Report based on:

- Last year's distribution list (which had the same number of recipients, only more copies to each);
- Suggestions from recipient agencies and departments obtained when the Report was being drafted; and
- The belief that a much wider distribution of this version (compared to the CODEWORD version) should be made to assure that middle-level consumers had the opportunity to see the Report.
- We have distributed about 222 copies of the CODEWORD version and the distribution list is at Tab A.

b. In view of your comments at the Staff Meeting, we have revised the distribution list downward. The distribution list for the Secret version is at Tab B and reflects 39 recipient agencies, departments or activities receiving a total of 676 copies of the Report. Of that total, the IC Registry will

retain 100 copies to respond to subsequent requests. The 70 copies earmarked for Congress will actually be retained by CIA/OLC and a lesser number will probably be distributed. I believe this revised distribution list will continue to meet the above objectives and the needs of our consumers.

3. Recommendation: None.
